

Premask[®] Plus

A high tack paper application tape for vinyl graphics used in sign making, screen printing and surface protection. The product consists of a self-wound, standard grade saturated backing coated with a specially formulated latex pressure sensitive adhesive. Specially designed for use with Kapco UltraCast vinyl and polyester films and hard-to-handle graphics like small legends.

Features & Benefits:

- Static free for transfer ease
- High tack adhesion level
- Minimal errors in applying graphics
- No adhesive residue left behind
