

MPI 2077 Ultra-Removable Clear Film

Promotional film that makes your graphics shine

Turn your glass panels or windows into engaging selling tools with MPI 2077 vinyl film from Avery Dennison Graphics. The MPI 2077 series is a clear calendered PVC film with a luster finish and an ultra-removable adhesive that allows for easy application and removal. The unprinted area maintains great clarity so you don't need to cut around the image. This allows for full window coverage.

MPI 2077 comes standard with a PET liner giving the film exceptional clarity and allows for easy application when using a wet apply method, which is the preferred application method.

Key Benefits:

- > Short term, ultra-removable adhesive leaving no adhesive residue
- > Great image clarity and pop
- > PET liner allows for easy wet apply to windows
- > No need to contour cut around image

For information on warranty terms, exclusions and certain limitations that apply please see the applicable product data sheets and other literature and bulletins on our website: graphics.averydennison.com
