

# Böttcherin EG-20

## Metering Roller Cleaner / Roller and Blanket Deglazer

### Uses

Böttcherin EG-20 is a special wash used to clean metering rollers. It is also very effective as a deglazer for use on both rollers and blankets.

### Characteristics

- high cleaning power
- cleans nap of rollers and blankets
- non-water miscible
- cleans glaze from blankets and rollers
- free of aromatic solvents
- leaves no residue
- evaporates quickly
- extends period between wash-ups and shortens makeready times

### Application

Böttcherin EG-20 should be applied to a cleaning rag and then wiped intensively over the blanket or roller surface. When manual cleaning with a hand rag, wear protective gloves during application. Follow all pressroom safety procedures. Böttcherin EG-20 is used undiluted when manual cleaning.
