

UPGRADE YOUR APPAREL WITH THIS SPECIALTY HTV STAHL'S CAD-CUT® SOFT FOAM

GREAT FOR:

- ▶ *Fashion, Spirit Wear, & Athletics*
- ▶ *Adding a Unique, Dimensional Effect*
- ▶ *Standard Placements & Graphics*

We've created a new category of HTV unlike anything you've seen on the market. Introducing CAD-CUT® Soft Foam—a dimensional material perfect for creating stand-out designs for a variety of apparel, like today's popular T-shirts and hoodies. This thicker vinyl features a smooth, suede-like texture and an ultra-matte finish your customers will love.

UNIQUE DIMENSIONAL EFFECT

With a thickness of almost .60mm (600 microns), this specialty HTV adds a raised look and feel to any item it's applied to. We recommend creating mid to larger-sized designs, perfect for premium looks for everyday fashion, spirit wear, athletics, and more. Available in smooth or textured color options. With a nice touch and texture, Soft Foam is perfect for adding a dimensional effect with only your heat press.

SOFT & PLIABLE

Soft Foam has a smooth, buttery soft texture similar to craft foam sheets. With the right blade and force, you can easily cut designs that weed like a breeze. This quality material is flexible and won't crack or peel when heat applied to cotton, polyester, and select performance materials.

Expect the Best from CAD-CUT® Heat Transfer Materials

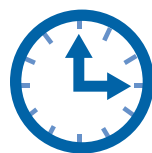

By the yard or by the roll, you're buying STAHL'S CAD-CUT® Soft Foam from your local Master Distributor, ensuring genuine STAHL'S products with the fastest delivery and at the best price.
